

Korean Style Rules

1.0 The Korean Style

1.1 The Korean Style event shall consist of three disciplines. Each competitor shall attempt each discipline twice, giving a total six runs per competitor. The competitor's score for the event shall be the total of the scores for the competitor's six runs.

1.2 The three disciplines shall be: single shot, double shot and serial shot. The serial shot discipline may be *either* a triple shot *or* a five shot course.

2.0 General Rules – Applicable to All Korean Disciplines

2.1 Arrows must be individually drawn from the belt or from a quiver or arrow case, which must be attached to the competitor's hip, waist, thigh or back. It must not be attached to any other part of the body.

2.2 Competitors must not touch their arrows until they have passed the start line. If the competitor touches the arrow before if they have passed the start line, they shall score no points for the first arrow loosed at a target on that run, although they may score with any subsequent arrows loosed on the same run. The only exceptions to this rule are noted below.

2.3 For the purpose of deciding whether an arrow was drawn early in contravention of rule 2.2: 2.3.1 the competitor shall be deemed to have crossed the start line when the rider's body crosses the line, not when the horse does so;

2.3.2 a judge shall be positioned at the start line to judge whether a competitor has drawn early;

2.3.3 the benefit of the doubt shall be given to the competitor. If the judge is not sure whether the competitor drew early or not then no penalty shall be imposed.

2.4 Only one arrow may be loosed per target. A competitor whose first arrow will score zero because they touched their arrows before the start line (see rule 2.2) may still only loose as many arrows as there are targets in that discipline.

2.5 Targets shall be set 7m from the edge of the track. The centre of the target shall be 90cm above the level of the track and the targets shall be positioned at an angle so that the face is perpendicular to an archer in the saddle.

2.6 The target shall be a round target with a diameter of 80cm, divided into 5 concentric circular zones of diameters 14cm, 28cm, 42cm, 56cm and 80cm. The target zones shall score, from inner to outer: 5pts, 4pts, 3pts, 2pts and 1pt respectively. Standard FITA 80cm target faces are recommended.

2.7 All runs must be completed at canter or gallop.

3.0 Time Allowed

3.1 The time allowed for each run is 14s for a 90m track or 28s for a 180m track. Points shall be awarded or deducted for completing a run in less or more than this time, subject to rules 3.2 – 3.6 below. One point shall be awarded or deducted for each second, calculated to two decimal places.

3.2 The maximum number of points that may be awarded for speed on a 90m track is 5 (for completing the run in 9s or quicker). No further points shall be awarded for runs completed in under 9s.

3.3 The maximum number of points that may be awarded for speed on a 150m track is 8 (for completing the run in 15s or quicker). No further points shall be awarded for runs completed in under 15s.

3.4 The maximum number of points that may be awarded for speed on a 180m track is 10 (for completing the run in 18s or quicker). No further points shall be awarded for runs completed in under 18s.

3.5 Points are only awarded for time if the competitor hits at least one target. If no targets are hit then the run scores zero, regardless of time taken.

3.6 "Hits" means hits within the scoring zones of the target face. Arrows that hit the target boss but do not score points are not "hits" for the purpose of these rules.
